Heart Ailment Proves Fatal

Death today had cheated Capt. George W. Yardley, 57, the Pacific's master mariner, of the snug shoreside berth he had planned at Belmont during his remaining years.

As gallantly as he had faced peril in danger in many an ocean tragedy, the Dollar Line's senior skipper succumbed Sunday at San Francisco's Marine Hospital from a heart ailment brought on by the strain of his last year of service.

In those months he took the President Hoover, his finest command, through terrific typhoons in Asiatic waters, a bombing in the Shanghai war zone, then finally to its last resting place aground on the bleak shores of Hoishoto Island off the Formosa coast.

On his doctor's orders, Captain Yardley went to the hospital for treatment upon his return from the Orient. Medical men said continued activity on the high seas would be dangerous.

Believed to be convalescing, Captain Yardley married Mrs. Gertrude Adams of Belmont in March of this year and made plans to live in retirement there.

Surviving, besides the widow, are his mother, Mrs. Mary Yardley of Palo Alto; two sons, William of San Francisco and Richard, U. S. Marine Corps; and three sisters, Mrs. R. H. Beal, Elma Warrington and May Thompson.

The veteran mariner was a native of Yardley, Pa. As a youth he worked on a farm and received his first taste of ships and shipping when he ran away from home to take a job on a Delaware river boat. In 1891 he became an apprentice on the old Pacific Mail steamship line.

Butano Move Protest Made

Leslie E. Wolbert of 126 Jeter St., superintendent for the Pacific Gas and Electric Co. in Redwood City, today headed the local Lions Club as president as the result of an election held last night. He succeeds Dr. D. F. Brown.

Named as vice president was W. M. (Bill) Werder. Carl (Ike) Britschgi was elected as second vice president; Dr. Wesley H. Taylor was re-elected secretary, and Carlos W. Bowman and Fred Duttweiler were chosen as directors.

Other items handled at the business meeting, held at Sodini's, included passing of the resolution opposing sale of the Butano forest lands on Pescadero Creek for logging.

WIN PROMOTIONS

Two Peninsulans are winning promotions with their firms effective tomorrow. L. G. McLaren (top) of San Mateo, general sales manager of Shell Oil Co., has been elected vice president in charge of marketing. McLaren, who is 45, entered the company's employ in 1921 as a service station employe in Seattle, and worked up gradually through the ranks. Hugh L. Monahan (lower), who has been in the headquarters offices of the Pacific Telephone and Telegraph Co. in San Francisco for the past eight years, has been appointed district manager for his firm in San Mateo and Santa Clara Counties, with headquarters at San Jose. Monahan, who began with his firm in 1922, was once manager of the Palo Alto exchange. In his new post he succeeds Charles H. Moore, who becomes division commercial engineer with headquarters in San Francisco.

Ex-Congressman Dies at Belmont Of Long Illness

One of the most turbulent political campaigns in San Francisco history was recalled today with death of Edward J. DeNivernais, 75, former congressman from the 4th (San Francisco) congressional district. Following a long illness, DeNivernais—who was known at the turn of the century as Edward J. Livernash—died last night at Belmont.

Newspaper reporter, writer and lawyer, DeNivernais ran for Congress in 1902 on the Democratic and Union labor ticket, during a general campaign in which municipal reform and the alleged corruption of street railroads were principal issues. He defeated his Republican opponent, the late Congressman Julius Kahn, in a memorable contest which swept into city and county offices many Democrats and labor candidates.

Retiring from politics after two terms as congressman, DeNivernais went to France where he lived for several years, and officially dropped the name of Livernash. He made his residence in Belmont in 1913.

His wife, Zilla, died a number of years ago and DeNivernais continued his Belmont residence as somewhat of a recluse.

Funeral services will be held at 2 p.m. tomorrow from the Layng & Tinney Funeral Home followed by interment at Cypress Lawn. The Rev. Schuyler Pratt, pastor of St. Peter's Episcopal Church, will read the service.

Howards Part, Divorce Seen

After 13 years of married life, Mr. and Mrs. Lindsay Howard, of San Mateo and Hillsborough, today had apparently come to the parting of the ways and agreed to disagree.

Howard, who has maintained a separate apartment in San Francisco for the past year, would neither confirm nor deny reports that a divorce is imminent, and referred all inquiries to his wife, who could not be reached at her Burlingame home.

Their marriage in 1925 was one of the season's social events. Mrs. Howard, the former Anita Zabala of Salinas and Monterey and a member of a Spanish-California family which dates its heritage back to the "ranchero days," met her future husband while he was a student at Stanford University and a halfback on the football squad. Continuing his record as an athlete, Lindsay has become a nationally known polo player and has participated in many international matches.

Friends today intimated that if there is a permanent rift in the Howard's domestic life it will be due to "too much polo."

Lindsay is the son of Charles S. Howard, pioneer San Francisco automobile dealer and co-owner of the famous racing horse, Seabiscuit.

Shark Fishing a New West Coast Sport

THE spunky trout of the Laurentians and the Canadian Rockies, the scrappy bass of Northern Ontario, the huge maskinonge at French River have all been put on their mettle by a fighting fish new to sportsmen—the shark.

Basking sharks have been found in large numbers on the east coast of Vancouver Island. While they seem harmless to swimmers, they are a terror on the end of 500 yards of 50-pound test line.

Many fishermen have tried shark fishing with great success. A Victoria man, McGinty Matterson, caught the first shark, a 596-pounder. The record so far is a 987 pounder landed by Commander May of California.

Equipment is simple and not too expensive and the sport is worthy of the most skillful angler's talent. When the shark first takes the bait, a salmon of from six to eight pounds, the fisherman thinks he has hooked bottom. Then the fun starts. With mad rushes and plunges he churns the water into foam. He has a nasty habit of turning on the boat and snapping at the line or rolling on it and severing it with his file-like skin. You never know what he will do next. About the time you think your back will break or your arms be torn out, you work the fish closer to the boat. It is suicidal to try to land such a fish, so it is customary to polish him off with a 30-30 rifle.

It is a grand sport and a new one, judging by enquiries received by the Canadian Pacific tourist department at Montreal, and at the Empress Hotel, Victoria, B. C., centre of shark fishing activities. Many American and Canadian sportsmen are expected to unite in a war on sharks, from July to September, the time of the year when they appear most plentiful.

HEALTH, WORKING CONDITIONS GOOD IN COASTSIDE PEA PICKERS' CAMPS

Migratory workers now harvesting the pea crop in coastside fields between Pescadero and Pigeon Point were given a clean bill of health today by Dr. Charles G. Gans, county health officer who returned from an inspection trip of the workers' camps. He said he encountered no signs of disease among the 650 men and women now at work.

County Agricultural Commissioner Max Leonard also placed his stamp of approval on the labor situation in the pea fields, declaring that the workers were apparently satisfied with the prevailing piecework wage which averages 25 cents per filled hamper, slightly under the 1937 wage.

Peak of the harvesting season, he indicated, will be reached about June 15 although harvesting will continue through August. In other years from 1000 to 1500 workers have been employed during the height of the season but, according to Leonard, it is not expected that 1938 employment will reach those heights.

"There has been no dissension among the workers thus far," he stated, "and I simply cannot become alarmed over the outlook for the balance of the season, although migratory workers have caused some trouble in other sections of the state."

This year's pea acreage has been decreased about 3000 below similar figures for last year.

Traffic Heavy But Accidents Few in County

Peninsula Reports One Serious Crash Over Holiday

Heaviest Memorial Day traffic in recent years jammed both Bayshore Hwy. and El Camino Real from early afternoon until late Monday as thousands of motorists returned to their homes in San Francisco and Peninsula cities following a three-day holiday, but for the first time in nearly a decade there were no fatalities.

One man was under arrest in the San Mateo County jail and a mother and daughter were injured as a result of the county's only serious traffic accident in the two-and-a-half day period since pleasure seeking vacationers started their exodus to the nearby beaches and mountain resorts.

MOVIE STAR HALTED AT 80-MILE SPEED

Hollywood "glamor boys" have their place on the silver screen but the State Highway Patrol regards them as just the common ordinary garden variety of citizen when they are abroad on the highway.

Donald Barry, 27, handsome scenarist-actor at the Metro-Goldwyn-Mayer studios, found that movie glamor did not hypnotize Traffic Officer J. C. Wallace when the latter sounded his siren and ordered Barry to the side of the Bayshore Hwy. near South San Francisco yesterday.

"You were doing 80," said Wallace. "I'll be seeing you and it won't be in the movies."

Eugene Rubottom, 47, truck driver, San Francisco, was charged with driving while intoxicated and held at the county jail in lieu of posting $100 bail.

Mrs. Juanita Wainscott, 27, Sacramento, was released from the South San Francisco Hospital after receiving treatment for cuts and bruises.

Dolores Wainscott, 2½, her daughter, also was released from the hospital after emergency treatment. treatment.

MANY VISIT PARK

The accident occurred at 8:45 o'clock Sunday at the intersection of San Bruno Ave and Bayshore Hwy. when Rubottom is alleged to have swerved his car into the machine driven by Creed Wainscott. The latter's wife and child were cut by flying glass. Dolores was unconscious when taken to the hospital.

Rubottom was arrested by State Highway Patrolman Frank Chevalier and taken to the South San Francisco jail. Appearing before Justice of the Peace Wade H. Clay, his bail was set at $100. Later the truck driver was removed to the county jail in Redwood City to await hearing.

As evidence of the week-end mass movement away from nearby towns and cities, attendants at San Mateo County Memorial Park report that all previous Memorial Day attendance records were broken. The steadily increasing popularity of the county's playground area in the redwoods is further shown by statistics for the first five months of the year. Approximately twice as many picnickers and campers have registered at the park during 1938 as a year ago.

IMPROVEMENTS MADE

Ronald Campbell, engineer of the San Mateo County Planning Commission, pointed out that many improvements made in the park during the past few months have made it possible to accommodate greater crowds. "The park has now on file applications from about 15 organizations who desire to hold picnics there and the attendance from each of these groups will run from 50 to 300 persons," he said. "There is no charge for picnicking and for campers the rate is nominal—50 cents a night or $2.50 a week, and this includes furnishing fire wood and other services."

Fishing and bathing prospects attracted many visitors to San Mateo County beaches, particularly on Sunday and yesterday, the county health department reported.

About 60 attended.

Hostels Need More Blankets

That San Mateo County's three youth hostels have been equipped with the necessary 50 bunks, but that only nine blankets have been obtained so far, was reported here by Miss Betty Blodgett, field worker for the American Youth Hostel Association, who is organizing the work on the Peninsula.

Blankets, new or used (cleaned and mended if the latter), are sought as gifts for the hostels, which are inns where hikers or cyclists can stay overnight for as long as three days while touring the district. Hostels in San Mateo County are located at Montara, at Purissima Canyon, and at Skyline Blvd. and Bear Gulch Rd. junction.

Next hostel south is at F. B. Duveneck's Hidden Villa ranch near Los Altos, which was in operation last Summer when Eastern hostelers visited the bay region.

Blankets should be delivered to the Redwood City Chamber of Commerce office, or to Wilbur H. Doxsee, County Manager E. A. Robson or Fire Warden Bert L. Werder, this city's representatives on the county-wide hostel committee.

Miss Blodgett spoke Tuesday before the Redwood City Exchange Club, explaining the hostel movement, which she said is now in 20 countries, with 4500 youth hostels. Those in this region are the first in California. They are located not more than 15 miles apart, for convenience of travelers.

Each hostel is in the charge of a house mother and house father—usually occupants of the large home where the hostel is located. For the sum of 25 cents, a bunk, with mattress, is furnished anyone in possession of the AYH pass, which may be obtained for $1 by persons under 21; $2 by those over 21, and are good for one year. Cooking and washing facilities also are provided.

Miss Blodgett showed two reels of moving pictures, depicting life in hostels in America and in Europe, where they originated.

San Carlos School Opens September 12

SAN CARLOS, June 1—Like other schools in the county, San Carlos Elementary School will open for the Fall term on Sept. 12, the board of trustees decided last night. The entire calendar will be the same as the other schools except for Washington's Birthday, which the local school will observe, making a total of 182 schools days. Christmas vacation will be from Dec. 22 to Jan. 3, and the tentative closing date will be June 16.

As of May 31, average daily attendance for the year was 250 pupils, and 262 for May, not including the kindergarten. Enrollment in the elementary school at present is 279, stated B. W. Case, principal.

Graduation exercises will be held in the civic auditorium this year on Thursday, June 9, when approximately 38 graduates will receive their diplomas. Lester D. Henderson, superintendent of Burlingame Public Schools, will be speaker of the evening, and Henry A. Jacopi of the board of trustees will present the diplomas, H. F. Wrigley, chairman, announced. Approximately 265 seats will be available for the exercises.

An adjourned meeting will be held Friday night following the election when the trustees will canvass the votes, and will also consider further applications for vacancies in the teaching staff for next year.

The wing of a fly makes 330 movements a second.

Griffin, Maher Off For European Tour

Sequoia Director of Athletics Frank Griffin and Jack Maher, graduating senior of the high school, were speeding eastward by train today, off on the first leg of a 3½-month trip which will carry them to Europe, the Middle East, and India. They left Redwood City last night. While en route Griffin plans to write of their experiences and send the reports by air mail to the Tribune.

Replacement Is Not Planned of Sergeant

Sergt. Victor C. Calhoun of the State Highway Patrol, transferred to Santa Cruz County effective June 1, will not be replaced by another sergeant, according to Patrol Chief E. Raymond Cato.

"We have a request to fill a number of vacancies," Chief Cato said, "and you will probably get another patrolman in San Mateo County to replace Calhoun."

LITIGATION FORESEEN AS TWO WILLS FILED HERE IN $150,000 ESTATE

Probable litigation over the $150,000 estate of the late Joseph Gemur, Palo Alto service station owner, loomed here today as two wills were placed on file with the county clerk. Linked was the name of Mrs. Clara Oeschger, Gemur's adopted daughter and sister of Mrs. Ivy Oeschger, of Palo Alto, former Northern California bridge champion.

By a holographic will, penned in Palo Alto on February 1932, Gemur left the bulk of his estate to his adopted daughter, Mrs. Oeschger and if this is finally recognized by the court she will inherit approximately $140,000.

Charles H. Bonney of Martinez, who is Gemur's son by a former marriage, was bequeathed $5000 under the terms of this first will, and his two children, Fred Bonney of Wamsutter, Wyo., and Blancher Bonney Graham, of Spokane, were to receive $500 each.

A second will, dated May, 1938, a few days prior to Gemur's death, provided for the creation of a trust fund, with Mrs. Oeschger and Charles Bonney each to hold equal interests of two-sixths of the estate, and Fred Bonney and Mrs. Graham one-sixth each.

Gemur died in Oakland last May 6th.

Both wills were on file with the county clerk today and, pending a hearing on June 20, Judge Maxwell McNutt appointed the Bank of America as special administrator for the estate.

Frankie Strafaci, the Brooklyn youngster who won the Pinehurst North and South Open this Spring, says he's putting and hitting his irons better than ever. But his drives, they have him wailing. "I can't hit anything but hot grounders to shortstop."

Texas Christian, which lost 18 straight games last season in finishing last in the Southwest Conference basketball race, has started to call Charles Mabry, captain-elect, "Moses," hoping he'll lead the Horned Frogs out of the wilderness.

J. Franklin Reid Out as Boy Scout Field Executive

Services of Boy Scout Field Executive J. Franklin Reid of Redwood City were terminated June 1, and the move was expected to provoke a crisis in scout work in Southern San Mateo County, where leaders made no secret of their disappointment in losing services of Reid, and even are considering dropping out of scout work here.

Executive Edward A. Barrer of San Mateo declared that the move was caused solely because of lack of funds, but the southern leaders, who have held a series of meetings on the subject recently, appeared dissatisfied with that explanation.

They pointed to the fact that they recently had collected some $438 on the understanding that Reid would be kept on, but when they approached the county council of 24 members, of which I. Karmel of Burlingame is president, to ask for such a guarantee of Reid's services, the proposal was turned down. Local leaders said they would, therefore, return the funds to donors.

Executive Barrer declared that this year's budget had not been met by $2300, and that this amount would be necessary to continue the work of a field executive.

"It is purely and simply a matter of lack of funds," he explained. "Mr. Reid was not let out on a basis of personality, or a desire of headquarters of the council to inflict a hardship on anyone."

He said that if present attempts to raise the $2300 were successful, a field executive would be put on.

Local committeemen have discussed forming a separate council or taking other steps to continue Reid's services, and have taken up the situation with the national council, but have not as yet arrived at a plan of action. They have been dissatisfied with a representation of only two south-end men on the council of 24.

Reid, who lives with Mrs. Reid at 1157 Cleveland St., has been here 17 months. His work, while particularly influential in the south end, has been divided with the other sections also.

At present, Reid said, he has no plans, other than to "look for a job."

Mayor Urges Full Support

Redwood City and the rest of the Peninsula have opened their "Be a Thirty-Niner" ticket sale campaign for the Golden Gate International Exposition.

Concentrated between June 1 and 18, the drive is to be pushed on all fronts by 10,000 volunteer salesmen who offer season passes for $20 and 12-ticket scrip books for $5.

With opening of the campaign in Redwood City, Mayor Louis C. Christensen urged support for the $50,000,000 fair.

"There are two reasons why we should buy 'success insurance' for the exposition in the form of passes or scrip books," the mayor declared.

"First, such an act is a timely gesture of support for the exposition. Second, by buying the passes or scrip books, we shall be enabled to save money on exposition admissions."

Tickets for both kinds are available in Redwood City at any of its four banks, at the J. C. Penney Co. store or at the Montgomery Ward & Co. store.

In charge of the Redwood City campaign is James P. Hagan. He is assisted by Mayor Christensen, J. E. Morrish, Carl E. Ward, Joseph A. De Geller, Charles Nelson, J. A. Buhler, Duncan Reynard, Roscoe D. Wyatt, Ernest A. Rolison, Daniel P. Flynn and Sam H. Winkelbleck.

Menlo Park's committee includes L. L. Johnston, Mayor J. E. Cooper, J. W. Ryan, Mrs. Elmer Stribling, Alice Slemons, F. M. Pixley and Edward Derry.

Legion's Poppy Sale Brings Total of $177

The 1700 Buddy Poppies sold by the auxiliary of Redwood City Post 105, American Legion, during Poppy Days last week-end brought in a total of $177, Mrs. Floyd D. Granger, chairman, learned Tuesday when final returns were made. The VFW Auxiliary's Memorial Poppy sale of 1500 flowers grossed $160, Comm. Clayton Heald reported Saturday. Of the funds, 3 cents for each poppy goes to the disabled veteran who made the flowers, the rest going to welfare and relief work.

M.P. ADVANCES STREET PLANS, GRANTS BILLBOARD PERMITS

MENLO PARK, June 1—Menlo Park advanced a step on two contemplated street paving programs last night as the city council heard the first reading of a resolution of intention applying to the improvement of central district streets, and ordered Engineer Bert Mehl to make a preliminary report on the cost of paving San Antonio St.

Public hearing on the central district work will be held June 21. This proposal to extend pavement and construct sidewalks on University Dr., Menlo Ave., and portions of Chestnut, Crane, and Evelyn Sts. and Santa Cruz Ave. has survived several public hearings under the majority protest and limitations act.

It is now ready for consideration under the 1911 paving bond act, under which the city plans to issue 5 per cent, 10-year bonds as a lien against the paving district. Engineer Mehl was last night requested to draw up detailed work and cost data on the proposed paving.

Mehl will also present a preliminary report June 14 on the probable costs of the San Antonio work, which has been sought through petition by 30 per cent of the property holders.

With Councilman Harry J. Lusk voting adversely, the council last night granted the Foster & Kleiser Advertising Co. a permit until June 30 to maintain three additional billboards within the city. Frew Morton, representing the sign company, belatedly asked for permisison to place one of the signs in a position different from that specified in the original application.

This request was refused. City Atty. James T. O'Keefe Jr., advised the council that he had placed in Lusk's hands complete information on model billboard legislation obtained from all states of the union. New legislation on the subject has been promised by the council.

The matter of rezoning property belonging to John Fraccia on Santa Cruz Ave. and University Dr., which has been hanging fire between the planning commission and the council for three months was ordered to be introduced at the June 14 meeting for final decision Public protests against the rezoning will be heard at that time.

Councilman Henry Carroll said that the Menlo Park post of the American Legion was considering the purchase of the Fraccia property as a site for a monument commemorating Camp Fremont. Fraccia advised Carroll that he had already set a purchase price for the property and that the sum would be the same whether the rezoning was effected or not.

Carroll reported that his plan to issue combined dog licenses and rabies vaccination certificates was not yet ready for introduction as an ordinance.

The council received a complaint from neighbors of W. A. Van Buren, charging that he was violating the local ordinance governing the keeping of poultry, rabbits, and dogs on his premises on San Mateo Dr.

A swing around the National League circuit only strengthened Manager Bill Terry's belief that the Cubs were the team his Giants would have to beat this year. He tabbed Chicago as a dangerous club during the Spring training.

Conference Called On Annexation Plan

MENLO PARK, June 1—Representatives of the Town of Atherton and the Menlo Park Sanitary District will meet informally June 8 to discuss legal procedure involved in the contemplated annexation of northwest Atherton to the sanitary district for the improvement of sewage disposal facilities.

Daniel Sullivan, legal counsel for the sanitary district, will be asked to confer with Acting Town Atty. Arthur Dibblee, Engineer James S. James, and members of the Atherton Town Council. Reports on the legal and engineering technicalities to be met have already been filed with the council by Dibblee and James.

It is estimated that 20,000 years have elapsed since the close of the glacial period.

County Bureau Heads Secure Papers to File

Weitz Opposes Risso; Finnell May Seek McNutt Post

With the political campaign season in San Mateo County officially set under way as the time for filing candidacies opened, formal announcement of two candidacies were made June 1.

Breaking a deep but "smiling" silence on his intentions, Col. Frederick Peterson of Burlingame, former state assemblyman who was defeated two years ago when he ran for U. S. Congress, announced that he would be a candidate for county executive.

Atty. Harrison W. Call of Redwood City, formerly of South San Francisco, who succeeded Peterson in the legislature, announced that he would seek re-election to the state assembly on both Republican and Democratic tickets.

Although the announcements were the first formal ones, all present San Mateo County office holders except Supervisor James S. James have stated that they intend to be candidates to succeed themselves, and in addition other candidates for some of the posts have indicated that they will be in the field.

ROLISON DEFINITE

Definitely a candidate for county manager is the incumbent, Ernest A. Rolison, former city manager of Redwood City who was appointed to the county position just a year ago by the board of supervisors. He took out his nomination papers yesterday, as did Peterson.

Peterson was a candidate before the supervisors for the executive-ship when the new board of supervisors announced early last year that it would replace Walter T. Kellogg.

He withdrew, however, when he learned that Rolison stood an excellent chance of being named, and sponsored the charter amendments which were passed to make the manager, coroner, treasurer, tax collector, recorder and engineer elective. During all this time he had refused to state if he would run for manager, but in his announcement today declared that he had decided to do so "at the insistence of my many friends."

OPPOSES JUDGE RISSO

First to file nomination papers this morning was William L. Weitz who seeks the office of justice of the peace in the Fifth Township a post now held by Gus B. Risso of Burlingame. Weitz' nomination papers carried the required 20 names and he promptly paid his $10 filing charge to County Clerk W. H. Augustus.

He was followed a few minutes later by Superior Judge Maxwell McNutt who took out his candidacy papers, named his wife, Mrs. Ella C. McNutt, as his verification official, then paid the $60 filing charge, 1 per cent of his annual salary, as required by law.

County officers who took out the required candidacy papers this morning were:

Clerk W. H. Augustus.

Treasurer A. H. Sagehorn.

School Supt. Pansy Jewett Abbott.

MAY OPPOSE McNUTT

Shortly before 11 o'clock, Justice of the Peace Wade H. Clay of the First Township filed for renomination and Bush Finnell, Lomita Park lawyer, took out his papers and intimated that he will oppose Judge McNutt for the superior court post

Supervisor Fred E. Beer, San Carlos, applied for his candidacy papers this morning, indicating that he will run for re-election, and in Burlingame, Mayor Allan J. Ward said he would enter the supervisorial lists within a day or two, seeking the place vacated by Supervisor James, who has announced his retirement.

Others who have filed declarations of their candidacies include J. J. McGrath, incumbent, Democratic and Republican nomination for 8th congressional district.

M. J. Bettencourt and Joseph George, justice of the peace, 4th township.

Edward I. McAuliffe, justice of the peace, 5th township.

Ernest A. Rolison, county executive.

Urban S. Marshall, county engineer.

Soap Box Derby Delayed to June 25

Postponement of the Kiwanis Club's "soapbox derby" from this Saturday to June 25 was announced today by Howard King, committeeman in charge, who said the delay was occasioned because more time was needed by contestants to prepare for the event. In addition, the event then will climax recreation week, set for June 19-25. Entries in the derby may be made by youngsters over 12 with King at his shop at 2048 Broadway.

HE'S STILL 'OVER THERE'

RACINE, Wis. (AP)—Arthur Stepan enlisted in the AEF when the U. S. entered the World War, and he hasn't yet returned from France. 20 years later. He is caretaker of the chapel at Romagne Cemetery, Montfaucon, France, where thousands of American boys are buried.

BLOCKS SAND HILL

SUBLETTE, Kas. (AP)—County officials think they finally have stopped Haskell County's traveling sand hill that threatened to block a road. They "anchored" the hill by planting cane all around it. The cane, they hope, will hold the winds that blow the sand.

Mexico's interior department has moved to rid its offices of "coyotes"—"go-betweens" or "firers"—and foreigners in Mexico have been advised they do not need intermediaries to transact business at the department.
